

Carver 440-445 Aft Cabin

1993-99

440 Layout

445 Layout

Introduced in 1993 as the 440 Aft Cabin, Carver engineers updated this conservatively styled motor yacht in 1997 with a new integral boarding platform and—in the process—re-branded her as the 445 Aft Cabin. She's a big boat on the inside, and her wide-open salon is among the larger to be found in a boat this size. Built on a solid fiberglass hull with a relatively wide beam and a shallow keel, her two-stateroom, galley-down floorplan is arranged with double berths fore and aft and separate stall showers in both heads. A full-size dinette is opposite the galley, and a choice of teak or maple interior woodwork was available. A lower helm was optional. The aft deck is on the small side (thanks to the huge salon dimensions), although the flybridge is large enough to entertain a small group of friends. Additional features include excellent interior headroom, fairly wide side decks, a foredeck sun pad, and—on the 445 model—staircase-style molded boarding steps built into the integral swim platform. Offered with several gas or diesel engine options, twin 330hp Cummins diesels cruise at 17-18 knots (about 22 knots top).

Specifications

Length.....	47'8"	Fuel	476 gals.
Beam.....	15'0"	Water	165 gals.
Draft.....	4'3"	Waste.....	80 gals.
Weight.....	32,000#	Hull Type	Modified-V
Clearance, Arch.....	18'9"	Deadrise Aft	14°
