Meridian 341 Sedan

Introduced in 2005, the Meridian 341 Sedan is not an updated version of the company's original 341 Sedan built in 2003–04. This is a completely different boat with greater beam than her predecessor, more dramatic styling, and a revised two-stateroom interior. Built on a low-deadrise hull with a solid fiberglass bottom, the 341's tiered cabin windows create the impression of great space in the salon. The galley is forward, on the same level as the salon, and the well-appointed decor is an attractive blend of leather seating, vinyl wall coverings, and cherry joinery. A head with a stall shower is to starboard, accessed from either the master stateroom or the passageway. If the interior of the 341 Sedan seems unusually spacious for a 34-footer, the cockpit is tiny and the side decks are practically nonexistent. A molded staircase leads up to the extended flybridge with its wet bar and guest seating. Additional features include a transom door, radar arch, fore and aft freshwater washdowns, VacuFlush toilet, and stern and bow thrusters. A lower helm was optional. A modest performer with 320hp gas inboards, she'll cruise at 18 knots and reach 26–27 knots wide open.

Specifications

Length	35'10"	Fuel	250 gals.
Beam	12'6"	Water	90 gals.
Draft	4'0"	Waste	35 gals.
Weight	18,254#	Hull Type	Modified-V
Clearance	14'1"	Deadrise Aft	11°
