

A white yacht is positioned in the middle ground on a vast, clear blue sea. The water transitions from a deep blue in the distance to a vibrant turquoise near the shore. In the foreground, several large, light-colored rock formations are scattered across the shallow water. The background features a rugged coastline with green vegetation and rocky hills under a clear sky. A white lighthouse is visible on the distant shore.

## DAY 1

### PORTO CERVO - SARDINIA

Meet your yacht in Porto Cervo, the main town in the hub of Costa Smeralda, which lures jetsetters and the superyacht set in droves. Developed by the Aga Khan in the 1960s, it is a royally beautiful spot backed by green, rolling hills. The marina is surrounded by luxe restaurants, shops and marine-focused stores, making it the ideal yachting destination for a night onshore. Indulge in some shopping, a wonderful meal and perhaps a night out on the town before departing on your voyage.

## DAY 2

### CALA LUNA

Head southwards to Cala Luna, discovering the quieter side of Sardinia. This is a beautiful anchorage with various caves where you can swim and explore. It's a great time to take out the water toys, or curl up with a book in a shady spot on the sundeck and simply relax. Have lunch on board in this gorgeous spot.

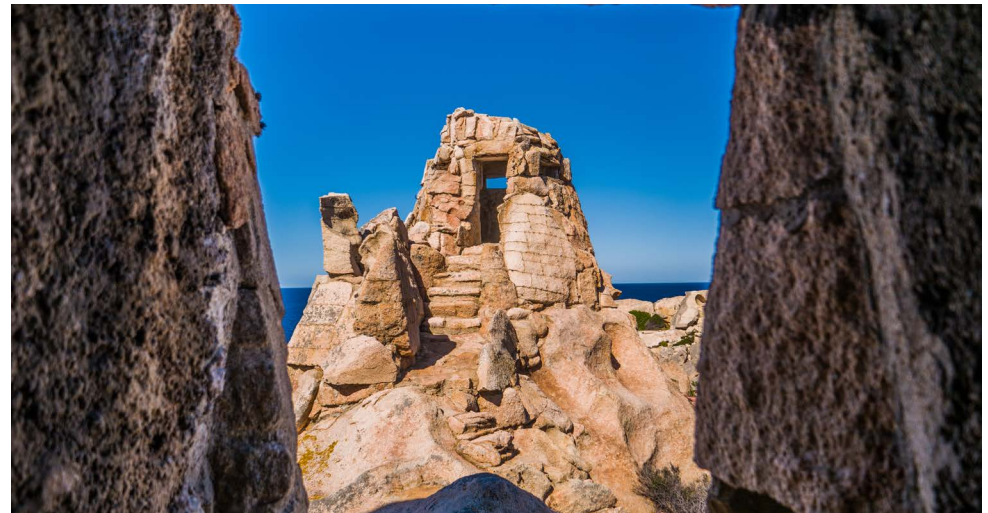

# DAY 3

---

## MADDALENA ISLANDS

This morning, depart for an anchorage in the Maddalena islands, one of the most beautiful cruising grounds in the Med, and all of which is protected as a natural park. This group of islands is so lovely that it's surprising more people don't know about it – but it's for your benefit. Here you'll find pink-sand beaches, blue-green waters and steep cliffs rising from the seas. It all creates an epic setting. Tonight, have dinner on shore at the waterfront La Scogliera in Porto Massimo.

## DAY 4

### MADDALENA ISLANDS

Continue exploring these beautiful islands, taking the time to enjoy watersports – the scuba diving is great here – and the beaches ashore. Take a break from all the fun in the sun and head onshore for lunch at La Casitta restaurant. But tonight you'll enjoy sundowner cocktails and dinner on board your private luxury yacht, perhaps dining on the sundeck, star-gazing between courses.

## DAY 5

---

### ROCCAPINA - CORSICA

Sail three hours to Roccapina, which has a simply stunning beach. Spend the day and night at anchor here. The crew will set up a beach club on shore with everything you need to relax, and perhaps a barbecue or picnic as well. There is fantastic hiking in this area, too, should you like to get in some exercise beyond the watersports variety. Dinner will be enjoyed on board.

## DAY 6

### LAVEZZI ISLANDS - BONIFACIO

Depart for the Lavezzi Islands in the morning, where you will anchor for the day. Here you can enjoy swimming, snorkeling and making the most of the picturesque Lavezzi islands. Enjoy a leisurely lunch onshore at the beach restaurant of the Hotel des Pecheurs set on Cavallo Island. Late in the afternoon, you'll make the one-hour sail to Bonifacio, where the yacht will dock for the evening. Once in Bonifacio, stroll through the bustling old town and along the cliffs, taking in the sweeping views. Enjoy one last meal on board before saying goodbye to the yacht and her crew and departing the next day.
