3

LONG BAY, TORTOLA

4

NORMAN ISLAND

5

VIRGIN GORDA

6

VIRGIN GORDA

7

SALT ISLAND

8

TORTOLA

BRITISH VIRGIN ISLANDS

DAY 1

TORTOLA

Tortola is the largest British Virgin Island and is known for its shimmering beaches that stretch for miles and quaint towns tucked alongside the coves. Amongst Tortola's sharp peaks and hillsides, you'll find an abundance of activities just waiting for you to explore. Soper's Hole is perfect for a beachside lunch or simply follow your nose as the wafting aromas of an authentic island BBQ at the Jolly Roger Inn float by. Get lost in the melodic bamboula drumming circle or go shopping in quaint market streets like Main Street, the choices are endless. There is plenty to see and uncover from this beautiful island, with alluring streets lined with brightly colored British colonial houses.

DAY 2

JOST VAN DYKE

The pale blue ocean is the perfect indicator that you've made it to another paradise destination. Jost Van Dyke has a mixed packet of colorful beaches, so pick your favorite and wash it down with a local Caribbean rum. Find Foxy's Bar, a famous watering hole that attracts sailors and islanders from all over the world and perhaps Foxy himself will be there, playing his guitar, entertaining and telling stories.

If you had to close your eyes and imagine the perfect place to unwind in a hammock whilst watching the sun set, it would be Jost Van Dyke. It also has the best beaches to kick back, relax and soak up the sun. If you get too hot, you can always take a dip in the cool, refreshing, clear water. The water surrounding the island is crystal clear, making it snorkeling heaven – an absolute must do! Jost Van Dyke also offers some of the best local seafood, including jerk shrimp, seafood pasta and some of the world's best lobster.

DAY 3

LONG BAY, TORTOLA

Head back to Tortola, this time its north-western shores, where the island's best beaches are found. Drop anchor at Smugglers Cove or Cane Garden Bay for white sand and picture-perfect views. Spend the afternoon having fun in the water.

DAY 4

NORMAN ISLAND

With a kaleidoscope of marine life to be discovered, it is no wonder that these caves inspired the classic novel *Treasure Island* by Robert Louis Stevenson. Just around the corner from the world famous Norman Island Caves, is The Bright, our next anchor point. This is a tremendous snorkeling spot where you can venture deep into the many natural caves and perhaps find sunken pirate treasure! Whether you decide to grab Caribbean themed drinks and food at Pirate's Bright Restaurant, go underwater and see the colorful coral and marine life or keep your head above board and admire the exotic birds, you are guaranteed to come home with plentiful stories and tales!

DAY 5 & 6

VIRGIN GORDA

Virgin Gorda is home to 'The Baths', a series of beachside boulders that form a series of warm pools and grottoes. Don't forget your camera as the granite boulders and palm trees create a radiant backdrop and a spa-like setting. Spend the day sunbathing on the rocks, swimming in the magical cerulean water or hit the waves with some kiteboarding or surfing.

After a jam-packed day of fun in the sun, you can visit the north end where several surrounding islands including Mosquito, Prickly Pear, Saba Rock and Necker Island, owned by Sir Richard Branson are located.

DAY 7

SALT ISLAND

After visiting so many sweet places, it's time to try something different, perhaps something salty? Salt Island received its name from the two salt ponds that fill up with seawater and then dry out, leaving behind a salt crust around the pond's rim. Back in the day, the locals would bag this salt up and sell it to the passing boats, but today there are no permanent residents, ensuring total privacy and peace whilst you visit.

Salt Island is now famous for having the Caribbean's most breath taking wreck dives, The Rhone. In 1867, this royal mail packet steamer crashed against the rocks off the southwest coast during a hurricane. Take this opportunity to snorkel, swim and scuba dive directly in and around the wreck, exploring the ancient hull, massive propeller, untouched interior and other parts of the ship - all of which are covered in bright coral and surrounded by amazing aquatic life. When you feel like drying off, relax on the beach or take a walk around the shoreline in search of buried treasure

DAY 8

TORTOLA

Wake in the morning and enjoy one last swim before heading back to Beef Island, Tortola for disembarkation at noon.

****The proposed itinerary is just a suggestion. The beauty of a private charter is the ability customize your adventure.*
