For MCY, value is everything. The value of people, the value of ideas, the value of innovation, the value of belonging to the Beneteau Group. MCY's global design is the sum of values that produces an absolute value. Our first born was the concrete demonstration of this: no boat has ever managed to win so many awards as the MCY 76. Value has been served. And now there is a new standard on the sea.

Monte Carlo Yachts 76. Monte Carlo Yachts 65.
Italian style, Beneteau strength.

The MCY 65 is ready for you. And she affirms new certainties, developing the values of the brand. Like the MCY 76, she knows how to make its way with the strength of values. Her style is timeless, her contents reinforce the global design of Monte Carlo Yachts in a clear, concrete manner: by adding new pleasures, new solutions, and big advantages that leave their mark. In a sea of uncertainty, a value you can count on.
