NEWPORT

NEWPORT - MARTHA'S VINEYARD

Martha's Vineyard, better known as The Vineyard, is an island summer destination south of Cape Cod and is best known as the location of the film Jaws. It is one of only five place names in the USA to contain an apostrophe. The islands of Martha's Vineyard and Chappaquiddick are permitted to produce wines with names classified by the American Viticulture Association's wine-of-origin nomenclature as Martha's Vineyard AVA wines. The island is also known for the craft beer brewed by Bad Martha Farmer's Brewery in Edgartown where one can also share platters of mainly locally sourced food in the Tap Room. The island has six towns which can all be reached by bicycle, cab or bus. Film festivals devoted to arthouse, independent, international and African-American films are held at various times each year on the island. The islands are not renowned for wild nightlife and are best visited for outdoor activities like walking, cycling, picnicking, beach activities, visits to oyster farms and the annual film festivals.

MARTHA'S VINEYARD

Martha's Vineyard, a Massachusetts island, sits in the Atlantic just south of Cape Cod. A longtime New England summer colony, it encompasses harbor towns and lighthouses, sandy beaches and farmland. It's accessible only by boat or air.

DAY 3

MARTHA'S VINEYARD - NANTUCKET

Nantucket is known for its springtime daffodils. The island's wealth was founded on the whaling industry which was established in the seventeenth century and lasted until the 1830s when it was destroyed by fire. The Nantucket Whaling Museum is one of the notable points of interest which also include other noted museums and galleries. It is home to several beaches and lighthouses which are necessary considering the shipwrecks and maritime collisions which have occurred in the past. Restaurants on the island cater for all tastes. For those who enjoy locally made drinks, Nantucket has its own winery and a craft brewery which creates brews from locally sourced ingredients, both traditional and fruit based.

NANTUCKET

Outdoor enthusiasts can explore miles of scenic biking and walking trails, while the picturesque harbor invites sailing and fishing adventures. The island's stunning beaches, like Surfside and Jetties Beach, are perfect for sunbathing, swimming, and beachcombing. Nantucket's vibrant downtown boasts an array of boutique shops, art galleries, and gourmet restaurants, where you can savor fresh seafood and local delicacies. With its blend of natural beauty, historical charm, and diverse activities, Nantucket promises an unforgettable getaway for every visitor.

NANTUCKET - BLOCK ISLAND

Block Island is a conservation paradise with 40% of the island set aside for that purpose. On top of this there are about 25 kilometres of beaches. The island hosts a number of restaurants and foodies have a wide choice of cuisines. As you would expect on an Atlantic island, seafood has pride of place on most menus. Most of them open during the holiday season only.

There are many types of entertainment on the island, including a full 18 hole golf course attached to the Brenton Hotel, cycling, horse riding, hiking, nature reserve walks, sailing and fishing. It is essential to book a round of golf in advance. This is a place to visit if outdoor and natural entertainment are what you are after.

BLOCK ISLAND - SAG HARBOR

Sag Harbor straddles Southampton and East Hampton in New York. Being towards the end of Long Island, there is no end to the amount of entertainment available if you berth in Sag Harbor. If you want to stay local, you have a choice of ice cream shop, burger joints, and Italian to satisfy the stomach. For entertainment, there is the beach, a nature reserve for hiking, theatre and cinema. The Big Apple is right on your doorstep, though.
